

2014 Colombia Mission Recap

I participated as a prayer and financial support of Mission River's 4th mission to Colombia.

Michael Armbrust recaps: "Recently, I returned from Colombia, where God did some amazing things. Over 50 were brought to Christ, a boy blind in one eye-now sees with both, a man deaf in both ears-now hears. In addition, Pastors were trained & multiple people were encouraged in the faith. Thank-YOU for your Partnership to make this happen, you are an amazing blessing! One fantastic thing that God did is as follows. A women in Quibdo (Key-doe) had a dream. She was given the name of Pastor Nincy (the pastor we were hosted by), her face, and her phone number. She was told that a missions team was coming to her city in a few days, to call Nincy, and schedule a time to meet with her, and that she would be shown how to repent and get right with God. Well she called and when we got there the two of them met. (During this time the rest of us were invited into the local prison where we preached and God did some healing miracles, but that is another story.) It turned out that this woman was a practicing witch, who was into black, white, and green magic. Pastor Nincy shared the Gospel, the women repented and gave her heart to Jesus! Now isn't that cool?! It was like a story right out of the Book of Acts. (You know that Acts does not have an ending right? It is still continuing today.) This was all made possible because of your Partnership. Together, we can impact the world for Christ. Your prayers and financial gifts are a huge blessing - **Thank You!!!**"
